

When you put on this T-shirt, you step into the revolution.

From the Revolution Club

Bob Avakian, the leader of the revolution, has said this:

No more generations of our youth, here and all around the world, whose life is over, whose fate has been sealed, who have been condemned to an early death or a life of misery and brutality, whom the system has destined for oppression and oblivion even before they are born. I say no more of that. (BASics, 1:13)

For that to happen, you need REVOLUTION—NOTHING LESS! Bob Avakian—BA—has developed a way that we can make that revolution, for real. A way out of this horror and oppression. A way forward to emancipation. A way to actually go up against the monsters who run things now in an all-out struggle for power and to have **a real chance of winning**—*when* the opening emerges and the time is right. A way to fight today—for real—against the powers-that-be so that we build up our strength and change conditions to bring about that opening—as soon as possible.

This revolution is not for or about just one group. This is a revolution to overcome ALL exploitation and oppression. A **communist** revolution. A revolution to bring in a world where there are no more divisions among people in which some rule over and oppress others, robbing them not only of the means to a decent life but also of knowledge and a means for really understanding, and acting to change, the world. And BA is leading right now, every day, to make that real—again, as soon as possible.

“BA Speaks: Revolution—Nothing Less!” When you wear that shirt, you let people know about that revolution and that leader. But it’s more than that. You’re wearing this shirt along with other people, all over the country. You’re part of a whole movement letting people know that there’s a way to fight back, right now, as part of getting ready for revolution. You’re part of a movement for revolution letting people know that there’s a way to change ourselves as we do fight back, learning more about the revolution and setting a different kind of example with our lives. When you put on this shirt, you take the first step. You let people know that you, with other people all over the country, want to **represent for the EMANCIPATION OF HUMANITY** from this madness they’ve got us chained in.

Be part of the revolution. Take up the T-shirt.
