REVOLUTION: Why It's Necessary Why It's Possible What It's All About

A Film of a Talk by Bob Avakian

In 2003 Bob Avakian delivered this historic talk in the United States. This is a wide-ranging revolutionary journey. It breaks down the very nature of the society we live in and how humanity has come to a time where a radically different society is possible. Here, and all over the world, people need to see this film.

From Ike To Mao and Beyond My Journey from Mainstream America to Revolutionary Communist

A Memoir by Bob Avakian

Bob Avakian has written a memoir containing three unique but interwoven stories. The first tells of a white middle-class kid growing up in '50s America who goes to an integrated high school and has his world turned around; the second of a young man who overcomes a near-fatal disease and jumps with both feet into the heady swirl of Berkeley in the '60s; and the third of a radical activist who matures into a tempered revolutionary communist leader. If you think about the past or if you urgently care about the future...if you want to hear a unique voice of utter realism and deep humanity...and if you dare to have your assumptions challenged and your stereotypes overturned...then you won't want to miss this book.

Bob Avakian: Observations on Art and Culture, Science and Philosophy

from the publisher:

"This provocative collection of reflections and observations by Bob Avakian on art, culture, science and philosophy offers a rare treat. Excerpted from formal talks as well as more informal discussions and conversations, many of the texts in this collection allow the reader to experience firsthand the freewheeling Bob Avakian—in the process of developing his thinking and reenvisioning the communist project on a wide range of controversies, from the dictatorship of the proletariat to discussions of truth, beauty, science and imagination. This collection will provide the reader with important, fresh, and provocative insights and provoke further creative and critical thinking on art, culture, science, philosophy...and revolution."

AWAY WITH ALL GODS! Unchaining the Mind and Radically Changing the World

Is believing in gods actually harmful? How has Christianity for centuries served as an ideology of conquest and subjugation? Why is the "Bible Belt" in the U.S. also the "lynching belt"? Why is there a rise of religious fundamentalism throughout the world? In the intensifying conflict between U.S. imperialism and Islamic fundamentalism, is the only choice to take one side or the other? Why is patriarchy and the oppression of women foundational to so many religions? Can people be good without god? These are just some of the questions explored in this provocative work by Bob Avakian.

Bringing a unique revolutionary communist voice to the current discourse about god, atheism and morality, Avakian demystifies religious belief and examines how, even in its most progressive interpretations, religion stands in the way of the emancipation of humanity. A thread deeply woven throughout *Away With All Gods!* is the need to fully rupture with all forms of superstition, and to take up instead a truly scientific approach to understanding and transforming reality.

Whether you believe in god, or are an agnostic or an atheist, Bob Avakian will challenge you with his powerful critique of long-established traditions and his liberating vision of a radically different world.
