

There will never be a revolutionary movement in this country that doesn't fully unleash and give expression to the sometimes openly expressed, sometimes expressed in partial ways, sometimes expressed in wrong ways, but deeply, deeply felt desire to be rid of these long centuries of oppression [of Black people]. There's never gonna be a revolution in this country, and there never should be, that doesn't make that one key foundation of what it's all about.

Bob Avakian
Chairman of the
Revolutionary Communist Party, USA
