

There Is An Urgent Need— And There IS Still Time In These Next Few Days— To Prevent This Fascist Regime From Ruling

On January 20, despite the protests of thousands and the anguish and anger stretching all around the world, the powers-that-be intend to inaugurate the Trump-Pence regime of fascism.

The Trump-Pence regime would be more than the sum of the many abuses and outrages it plans to perpetrate. If not prevented from ruling, it will be, as a regime, **FASCIST—a blatant dictatorship relying on open terror and violence**, committing atrocities against groups of people identified as “enemies,” “undesirables,” or “dangers to society.” A Trump-Pence regime would not only be **illegitimate**; if allowed to go forward it could be catastrophic for humanity.

Protest is important, but more than protest is needed. **We must actually go all out, now, to prevent this regime from ruling.** We are, this weekend, hundreds of thousands protesting. Through staying in the streets and disrupting business as usual, over the next few days and into next week, we could together grow to millions and bring into being a major political crisis, to which all the factions in the power structure would have to react.

NO!

**THIS FASCIST REGIME
MUST BE STOPPED
BEFORE IT STARTS

Stay in the streets, in DC and everywhere else.

**In the name of humanity,
we refuse to accept a fascist America.**
