

**The Trump-Pence Regime Is Fascist and More Dangerous Than Ever
The Democrats Are War Criminals And Cannot Be Relied On
We Need To Rely On Ourselves To Drive Out This Regime...
And Most Of All We Need A Revolution!**

Mass Protest Called by RefuseFascism.org

Friday, March 29 5pm

Trump Star, Hollywood & Highland

Donald Trump and the whole Trump-Pence regime is FASCIST. They are *openly* white supremacist (against Black people, Latinos and immigrants). They are *openly* woman-hating and gay-hating. They *openly* treat the rest of the world with contempt and stoke the fires of war. They will bring the hammer down on anyone who opposes them.

And right now, because the “special counsel” Mueller decided not to bring charges against Trump, they are out for blood. They think it’s “hunting season” and the masses of people here and all over the world are in their sights. They are going after abortion rights, they are going after immigrant rights and Muslims, they are backing the brutal police 200% against Black and Latino youth, they are tearing up the environment like there's no tomorrow, they're going after their own rivals “on top of society” – and on and on.

The Revolution Club says that the people have to resist this, and **right now we are supporting a mass demonstration on Friday night, called by Refuse Fascism, to drive this regime out.** This is urgent – we can't let these pigs steamroll their way to outright, open fascism.

The Democrats are NOT our friends, still less can we count on them in any way to “deal with this.” The Democrats have been bamboozling people not to take to the streets to demand Trump-Pence fascists be removed from power. They told us to rely on this Russia investigation. Now they tell us to put our faith in the elections. They just want to chill the people out because *they are part of the same system.* It's urgent: we can't let the fascists steamroll us to fascism or the Democrats derail our struggle for a radically different and better world.

AND we also say this: **we refuse to accept a world where the only choice we're given is between the openly fascist Trump and his war-criminal, deceiving rivals the Democrats.** We are fighting for REVOLUTION – for overthrowing this *whole system* and bringing into being something radically better. Everything we do – including being out there on Friday night – is part of fighting for this whole new world and getting to it, as soon as possible.

This is not just talk. We have the strategy and leadership to do this, we have the plan for a new society and we have the determination to make this real. Check out the speeches of the leader of the revolution, Bob Avakian (BA), both on the threat posed by this regime and on how we can make revolution – for real. As BA has said: “...**we have two choices: either, live with all this—and condemn future generations to the same, or worse, if they have a future at all —or, make revolution!**”

Go to www.revcom.us to watch these speeches; or come to the Revolution Center on **Saturday at 3pm** (2716 S Vermont Ave #8). And for sure: **join us on Friday night, at the Trump Star.**
