

# WHAT REALLY KILLED NIPSEY HUSSLE? AND HOW CAN WE GET FREE OF THIS MADNESS?

*Revolution Club, Los Angeles and the National Revolution Tour*

People are hurting over the outrageous murder of Nipsey Hussle. One more Black young man full of promise so painfully gunned down by another Black person. We are mourning – we need to mourn – the outrage of this murder. And we also need to ask two hard questions:

## 1) What Really Killed Nipsey Hussle?

Whoever killed Nipsey was doing what this system has taught him to do; they always encourage the oppressed to lash out against each other. But it is *this system* – capitalism-imperialism – that put the gun in his hands and the thoughts in his head. It is *this system* – capitalism-imperialism – that has exploited, oppressed and killed Black people for 400 years, since the first slave was kidnaped and dragged to the shores of North America. White supremacy was created to serve the needs of this system and it is *built into* it. You can't get rid of white supremacy without getting rid of the whole system of capitalism-imperialism that birthed it and keeps it going. And the same thing holds true for all the other outrages of this system: the oppression of women and gay (LGBTQ) people; the persecution of the immigrants; the endless wars; and the destruction of the environment.

## 2) How Can We Get Free Of This Madness?

You can't beat the game by playing the game. Maybe a few people can get in on the setup, but *the masses of people here and worldwide will remain oppressed. We need a revolution to get rid of this system, not a program that tries to get in on it.* A revolution that is a *real* revolution – that defeats and dismantles the enemy's instruments of violent repression, and brings into being whole new political structures, whole different economic relations and new social values among the people.

**Bob Avakian, the leader of the revolution, says there are two choices: either these horrors go on and on; or we make revolution. Which will you choose?**

# Points of Attention for the Revolution

*The Revolution Club upholds, lives by and fights for the following principles:*

**1** We base ourselves on and strive to represent the highest interests of humanity: revolution and communism. We do not tolerate using the revolution for personal gain.

**2** We fight for a world where ALL the chains are broken. Women, men, and differently gendered people are equals and comrades. We do not tolerate physically or verbally abusing women or treating them as sexual objects, nor do we tolerate insults or “jokes” about people’s gender or sexual orientation.

**3** We fight for a world without borders, and for equality among different peoples, cultures and languages. We do not tolerate insults, “jokes” or derogatory names about a person’s race, nationality, or language.

**4** We stand with the most oppressed and never lose sight of their potential to emancipate humanity—nor of our responsibility to lead them to do that. We work to win people of all backgrounds to take part in the revolution, and do not tolerate revenge among the people.

**5** We search for and fight for the truth no matter how unpopular, even as we listen to and learn from the observations, insights and criticisms of others.

**6** We are going for an *actual* overthrow of this system and a whole better way beyond the destructive, vicious conflicts of today between the people. Because we are serious, at this stage we do not initiate violence and we oppose all violence against the people and among the people.
