In 1933 the renowned German philosopher Martin Heidegger joined the Nazi Party, paving the way for the Nazification of German universities and the capitulation of German intellectuals to fascism.

THE MARTIN HEIDEGGER AWARD

FOR LEADERSHIP IN THE TRUMP-IFICATION OF THE UNIVERSITY

CONGRATULATIONS UCLA!

IN RECOGNITION OF OUTSTANDING ACHIEVEMENTS

*For dutifully suppressing dissent by ordering the arrests of the #UCLA5 and then testifying against them in court.

*For your visionary policy of rolling out the red carpet for fascist government officials, and beating, arresting and jailing campus protesters. All in the name of "free speech!"

*For the UCLA police department's tireless efforts harassing and spying on the Revolution Club. For brutalizing the #UCLA5, suppressing the evidence, and lying about it in court.

*For the Daily Bruin's journalistic integrity, censoring the op-ed of a former UCLA student titled, "UCLA Values Free Speech…Until You Use it to Oppose Fascism."

Heidegger would be proud!
