

Donald Trump— GENOCIDAL RACIST*

BY BOB AVAKIAN

Part 8 *This is Part 8 in a series appearing online at www.revcom.us*

Donald Trump loves and violently defends *the slave-owning Confederacy* as part of “our great American heritage.”

He has condemned, and issued executive orders to severely punish, people pulling down statues honoring soldiers and leaders of the Confederacy who fought *to preserve and extend slavery*. These statues were put up *to celebrate slavery, and as monuments to white supremacy*, during the days of “Jim Crow” when Black people as a whole were *openly segregated and discriminated against, and constantly subjected to lynching and all-around terror*, for generations even after slavery was ended.

What else can it be, but *genocidal racism*, when Trump insists on severely punishing people who want to bring down these monuments to slavery and racist terror?!

(If you still think this is an exaggeration—going too far to say this about Trump—then you still don’t know who Donald Trump really is. Look for Part 9: further evidence of Donald Trump as a genocidal racist.)

* *Genocide* means killing off a whole people, or a large part of that people. Genocide is what the Europeans did to the native peoples in America, while stealing their land. Genocide is Hitler and the NAZIs murdering six million Jews. **Donald Trump is a genocidal racist.**

Donald Trump *hates* Black people, and everybody who is not a “white, English-speaking, Christian American.” If he could, he would kill off a whole lot of them, and put many of the rest in jail for life, or drive them out of the country.

Donald Trump— GENOCIDAL RACIST

On August 12, 2017, fascists and white supremacists rallied in Charlottesville, Virginia, under the statue of Confederate General Robert E. Lee—who led the war to defend slavery in the Civil War. Earlier, the city had announced that the statue would be taken down, provoking reactionary outrage. Photo shows Virginia state troopers at the statue before the KKK-Nazi rally.
