

TRUMP MUST BE STOPPED FROM STEALING THE ELECTION!

**INTO THE STREETS, TODAY AND TONIGHT
AND AS LONG AS NEEDED!**

**WHITE SUPREMACY, PATRIARCHAL THEOCRACY
AND FASCISM ARE ILLEGITIMATE!**

After months of stealing the election (go to www.revcom.us for articles on this) and threatening violence, Donald Trump and the fascists he leads are now trying to steal the election outright. They are openly trying to prevent the votes of millions of people from being counted by using his minions in the courts and his fascist thugs in the street to stop the counting. Many, perhaps most, of the votes Trump is desperately trying to suppress come from the cities where great numbers of Black and Latino people live. This ugly fact reveals the white supremacist essence at the core of this regime. This blatant racist denial of basic rights CANNOT BE ALLOWED TO GO DOWN!

These fascists will use their domination of the courts and they will try to dominate the public space as well. The world, and every power center and institution in this country, must see that millions of people are determined to stand up to these fascists. The only thing that can prevent Trump's illegitimate imposition of a fascist coup are the people, in the streets, nonviolent but determined that humanity will have a future worthy of it.

We must not be deterred! Into the streets!

TRUMP/PENCE OUT NOW!!!
