PAT and JERRY'S Christmas Correction Camp

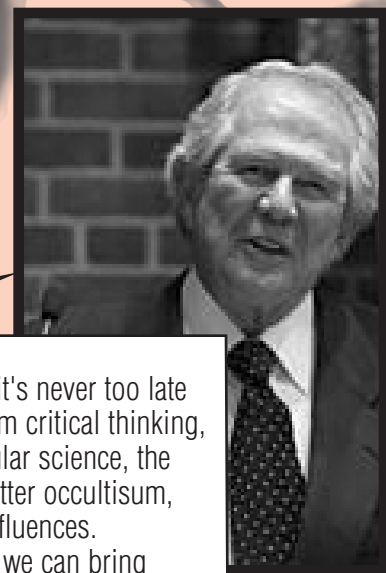

Here at Pat and Jerry's "CC" camp, as we fondly call it, We take seriously our job as a defense line in the war to save Christmas.

To that end we've taken the best tried and true techniques - from Guatemala, Tel Aviv and Abu Ghraib - and combined them into an unbeatable 2 week learning experience guaranteed to turn your little heathen back into a god-fearing Christian - or your money back!

Even if we have to beat the living crap out of... I mean, thoroughly apply the hand of the lord - you'll be amazed at the change in your little loved one.

So act now, because it's never too late to save your child from critical thinking, rational thought, secular science, the gay agenda, Harry Potter occultism, and other demonic influences. Remember - together we can bring about the day when once again all Americans in one voice will be publicly honoring our lord and shouting "Merry Christmas" - if they know what's good for them.
