

All Out for Revolutionary May 1st 2010

May 1st is the revolutionary holiday. The day when people come together, around this tortured planet, and declare their determination to end exploitation and all forms of oppression by making revolution.

May 1st is an international holiday. A day on which the vision of a world without oppressor and oppressed nations, and ultimately without borders and nations of any kind, is dreamed of and worked toward and celebrated in every corner of the world. It's a day of internationalist solidarity.

May 1st is *not* a day to beg those who rule over us to stop treating us as less than human beings. May 1st is a day to stand up and struggle *against* that system, to say we do not accept slavery in any form. It is the day to express resistance as part of a movement for revolution. A day to state our aim to unite *millions* to overthrow this system as soon as conditions allow that—and bring into being a radically new state power, working to end all forms of this oppression.

In particular, we call on people to join the campaign and help get out the RCP's message and call on the revolution we need...the leadership we have.

The Revolution We Need... The Leadership We Have

A Message, And A Call, From The Revolutionary Communist Party, USA This Is NOT The Best of All Possible Worlds... And We Do NOT Have to Live This Way

We live under a system of capitalism-imperialism...a system in which U.S. imperialism is the most monstrous, most oppressive superpower...a system driven by a relentless chase after profit, which brings horror upon horror, a nightmare seemingly without end, for the vast majority of humanity: poverty and squalor...torture and rape...the wholesale domination and degradation of women everywhere...wars, invasions and occupations... assassinations and massacres...planes, missiles, tanks and troops of the USA bombarding people in faraway lands while they sleep in their homes or go about their daily lives, blasting their little children to pieces, cutting down men and women in the prime of life, or in old age, kicking down their doors and dragging them away in the middle of the night...while here in the USA itself the police harass, brutalize and murder youth in the streets of the inner cities—over and over again—and then they spit out their maddening insults, insisting that this is “justified,” as if these youth are not human beings, have no right to live, deserve no respect and no future.

For millions in the inner cities, if they are not killed at an early age, their likely future is prison. This system has robbed so many youth of the chance for a decent life and has got far too many living, dying and killing for nothing—nothing good—nothing more than messing up people and murdering each other on the streets of the cities here...or joining the military, being trained to be murderers on a mass scale, massacring people in countries across the globe. **A system which offers millions and millions of youth no greater purpose, no better fate, than crime and punishment, or to become a mindless killing machine for the system itself—that alone is reason enough to sweep this system from the face of the earth!**

Some say this is all “god’s will” and we just have to “put it all in god’s hands.” But it was not some god that got us in this situation...and it won’t be some god that will get us out of it. The truth is, there are no gods...and we don’t need them!

THE REVOLUTION WE NEED

It is this system that has got us in the situation we’re in today, and keeps us there. And it is through revolution to get rid of this system that we ourselves can bring a much better system into being. The ultimate goal of this revolution is communism: A world where people work and struggle together for the common good...Where everyone contributes whatever they can to society and gets back what they need to live a life worthy of human beings...Where there are no more divisions among people in which some rule over and oppress others, robbing

them not only of the means to a decent life but also of knowledge and a means for really understanding, and acting to change, the world.

This revolution is both necessary and possible. This is the truth that is covered up and lied about, but we have the facts and the analysis to back this up.

This capitalist-imperialist system is in crisis...This system is bankrupt...This system is rotten to the core...This system is based on ruthless exploitation...This system commits so many monstrous crimes, and causes so much unnecessary suffering. We do not need to be sacrificing even more to “rescue” this system. This system needs to be swept aside...its crimes against humanity stopped cold...its institutions dismantled, and replaced by ones that empower people to build a new society free of exploitation and oppression.

It is true: now is not yet the time, in this country, to go all-out to seize the power away from those who rule over us and to bring a new power, serving our interests, into being. **But now IS the time to be WORKING FOR REVOLUTION—to be stepping up resistance while building a movement for revolution—to prepare for the time when it WILL be possible to go all out to seize the power.**

All this is not possible without leadership. But the thing is... There is leadership.

THE LEADERSHIP WE HAVE

In Bob Avakian, the Chairman of our Party, we have the kind of rare and precious leader who does not come along very often. A leader who has given his heart, and all his knowledge, skills and abilities, to serving the cause of revolution and the emancipation of humanity. Bob Avakian has developed the scientific theory and strategic orientation for how to actually make the kind of revolution we need, and he is leading our Party as an advanced force of this revolution. He is a great champion and a great resource for people here, and indeed people all over the world. The possibility for revolution, right here, and for the advance of the revolution everywhere, is greatly heightened because of Bob Avakian and the leadership he is providing.

Right now, and in an ongoing way, we must spread the word about the revolution we need and the leadership we have, to every corner of this country...giving people the means to become part of this revolutionary movement, and organizing into this movement everyone who wants to make a contribution to it, who wants to work and fight, to struggle and sacrifice, not to keep this nightmare of a world going as it is but to bring a better world into being.

The Campaign

In July 2009, the Revolutionary Communist Party, USA, launched an important campaign with the issuing of the message and call “The Revolution We Need... The Leadership We Have” in *Revolution* newspaper. It was announced that the campaign would be the focus and pivot of our Party’s efforts over many months, reaching and enlisting many, many people, in a campaign with many parts and dimensions.

We ARE BUILDING a movement for revolution, concentrated now in mounting the campaign: The Revolution We Need... The Leadership We Have. The point: to familiarize millions with the goal and character of communist revolution, as it has been reconceived by Bob Avakian, to inject this into the discourse in a radically creative and urgent way, and to make known very broadly in society the leadership of Bob Avakian—giving people a sense of the work he is carrying out, his history and character as a rare and outstanding communist leader, and—on the broadest level—his connection to revolution...and through all this to begin forging a core of dedicated, ardent fighters for this revolution.
