

WELCOME TO THE ANTI-JULY 4 PICNIC

SPONSORED BY THE REVOLUTION CLUB!

We don't celebrate the 4th of July. This land of the thief and home of the slave now runs roughshod over the whole planet, so why should anyone celebrate its birth? Humanity needs a world without what this goddamn country stands for!

Today there's a way to make a revolution against this madness. A REAL revolution, one that emancipates ALL of humanity. There is a leader of that revolution—Bob Avakian, BA, the Chairman of the Revolutionary Communist Party, USA. BA has forged a way of understanding the world, and a strategy for making that revolution and keeping it on the right road. The key piece in your packet—the **Message from Central Committee of the RCP, "Time To Get Organized for an ACTUAL Revolution"**—sets that out in a basic way.

There is a role for YOU in this revolution. Spread this Message: in your neighborhood and among those you know... from there throughout the city... and reaching out to those in the suburbs and beyond.

This Message is strong—strong because it's true. The effect of this Message can be powerful—as you and thousands, then millions, like you spread it and act on it.

Read this Message, and ask someone here about it. When you go home, go online to www.revcom.us and find out more. Check out the materials in your packet; get out the extras to others, and get more from the organizers.

Don't hesitate to stop by and talk with us.
