

STOP

This July, the Bush Regime's head of Homeland Security, Michael Chertoff, declared that the government crackdown on undocumented immigrants is "gonna get ugly." "Gonna get ugly" means armed ICE (Immigration and Custom Enforcement) agents carrying out Gestapo raids in workplaces and neighborhoods to arrest and deport immigrants. It means tearing apart of families; terrorizing of entire communities; concentration camps for captured immigrants; armed vigilantes hunting down immigrants like modern-day slave catchers; hundreds of people a year losing their lives attempting to cross the border.
