

In 2009, the RCP initiated a historic campaign: "The Revolution We Need... The Leadership We Have." This all-out effort is something new, something that has not been done before in this country. People are being challenged to join this revolutionary movement in a multitude of ways... and to be part of initiating a whole new stage of revolution to emancipate humanity, here and around the world. In the words of that message and call:

A WHOLE DIFFERENT WORLD,
A MUCH BETTER FUTURE, IS
POSSIBLE. WE HAVE WHAT WE
NEED TO FIGHT FOR THAT WORLD,
THAT FUTURE.

IT IS UP TO US TO GET WITH IT
AND GET TO THE CHALLENGE OF
MAKING THIS HAPPEN.

In September a special youth and student issue of *Revolution*, "Actually... We CAN Change the World," posed: "Young Brothers and Sisters: How often have you been told that, in America, you can be anything you want to be? ... But is any of this really true? For you, and for the vast majority of people on this planet?"

The Revolution
IS REAL!

In the fall, Raymond Lotta toured campuses with the message: "Everything You've Been Told About Communism is Wrong: Capitalism is a Failure, Revolution is the Solution." At the University of Chicago, over 300 people attended. After a substantive, hard to dismiss talk, the audience, mainly students, engaged Lotta in a lively, and sometimes heated Q&A. The event was a glimmer of what it looks like when the communist revolution begins to crack open the atmosphere in the universities.
