## Bob Avakian— Leadership for a New Stage of Communist Revolution

Bob Avakian has dedicated his life since the 1960s to the cause of revolution and communism. He is the Chairman of the Revolutionary Communist Party, USA. While providing practical leadership to the Party and the revolutionary movement, he has deeply studied and summed up the world historical experience of the communist revolution and the socialist societies it has brought into being—the great achievements and the serious problems and errors—and has studied many other fields of human experience and knowledge. He has advanced the science of communism and made decisive breakthroughs in the theory, method, and strategy of revolution and the final goal of communism throughout the world. It is crucial for growing numbers of people to know about and study his talks and writings...to defend and protect him...to take up the leadership he is providing, which opens new pathways for revolution.
