

**Basics 3:8**

The interests, objectives, and grand designs of the imperialists are not *our* interests—they are not the interests of the great majority of people in the U.S. nor of the overwhelming majority of people in the world as a whole. And the difficulties the imperialists have gotten themselves into in pursuit of these interests must be seen, and responded to, not from the point of view of the imperialists and their interests, but from the point of view of the great majority of humanity and the basic and urgent need of humanity for a different and better world, for another way.

**Basics 1:3**

The essence of what exists in the U.S. is not democracy but capitalism-imperialism and political structures to enforce that capitalism-imperialism. What the U.S. spreads around the world is not democracy, but imperialism and political structures to enforce that imperialism.

**Basics 1:5**

It is not uncommon to hear these days, from government officials and others, that only 1 percent of the population is in the U.S. military but that this 1 percent is fighting for the freedom of the other 99 percent. The truth, however, is this: That 1 percent, in the military, is in reality fighting for the other 1 percent: the big capitalist-imperialists who run this country—who control the economy, the political system, the military, the media, and the other key institutions—and who dominate large parts of the world, wreaking havoc and causing great suffering for literally billions of people. It is the “freedom” of these capitalist-imperialists—their freedom to exploit, oppress, and plunder—that this 1 percent in the military is actually killing and sometimes dying for.
