

Alton Sterling, Baton Rouge, Louisiana:

**ONCE MORE THIS SYSTEM'S PIGS CARRY OUT
COLD-BLOODED MURDER OF A BLACK MAN!**

**THIS GODDAMN WHITE SUPREMACIST SYSTEM MUST
BE BROUGHT DOWN AT THE EARLIEST POSSIBLE TIME...**

WHY ARE THESE MURDERING PIGS STILL FREE?

On July 5th, police tackled Alton Sterling to the ground, held him down, tazed him, and then shot him dead in cold blood.

Eric Garner... Rekia Boyd... Freddie Gray... Michael Brown... murder after murder after murder and still no justice. 400 goddamn years and still no justice, no humanity. How long will this go on? Enough is goddamn enough.

WE MUST ACT. People need to do two things:

One, in Baton Rouge people are righteously standing up and fighting back, making it unmistakably clear: THERE MUST BE JUSTICE! All eyes are on Baton Rouge. This must continue with more and more people joining and supporting them. We cannot let this shit go down like nothing happened. And, people everywhere throughout the country need to get out and say this police murder stops now. The "authorities" and their totally illegitimate system are already working to get these cops off, and that cannot be allowed to happen.

Two, people need to get ready to make a real revolution to bring this system down... and to do that, you need to get into the work of and follow the leadership of Bob Avakian who is seriously working and fighting to build the movement for an actual revolution at the earliest possible time.
