It is this system that has got us in the situation we're in today, and keeps us there. And it is through revolution to get rid of this system that we ourselves can bring a much better system into being. The ultimate goal of this revolution is communism: A world where people work and struggle together for the common good...Where everyone contributes whatever they can to society and gets back what they need to live a life worthy of human beings...Where there are no more divisions among people in which some rule over and oppress others, robbing them not only of the means to a decent life but also of knowledge and a means for really understanding, and acting to change, the world.
