

The interests, objectives, and grand designs of the imperialists are not *our* interests—they are not the interests of the great majority of people in the U.S. nor of the overwhelming majority of people in the world as a whole. And the difficulties the imperialists have gotten themselves into in pursuit of these interests must be seen, and responded to, not from the point of view of the imperialists and their interests, but from the point of view of the great majority of humanity and the basic and urgent need of humanity for a different and better world, for another way.
