

International Women's Day, Mexico City, 2011.  
The sign says: "Not one more, I want to go into the streets without fear."

**One in three women on this planet are raped or sexually assaulted in their lifetime...\***

The world is a horror. It doesn't have to be this way. It is not a matter of human nature, but owing to the workings of the capitalist-imperialist system. Because of the work Bob Avakian has done, there is a viable and much better alternative and the strategy to achieve a whole new world.

This will only happen if people devote themselves to making it happen.
