Fallujah, Iraq, 2004

## What the U.S. Brought to Iraq...

Current estimate of Iraqi deaths: **1.2 to 1.4 million;**

Iraqis injured: **4.2 million;**

Iraqis driven from their homes: **4.5 million;**

Iraqi women now widows: **one million-plus**  
(with many forced into prostitution).

Number of U.S. officials or military commanders prosecuted for these war crimes: **Zero.\***

The world is a horror. It doesn't have to be this way. It is not a matter of human nature, but owing to the workings of the capitalist-imperialist system. Because of the work Bob Avakian has done, there is a viable and much better alternative and the strategy to achieve a whole new world.

This will only happen if people devote themselves to making it happen.
