# America NEVER Was Great

Genocide of Native Americans is a founding pillar of the U.S. empire.

"There would be no United States as we now know it today without slavery. That is a simple and basic truth." (Bob Avakian, *Basics* 1:1)

The wealth of the U.S. is built from vicious exploitation for profit, including of children, without any regard for human lives.

Throughout its history and continuing today, the U.S. has carried out bloody, reactionary wars to put down resistance of the oppressed and contend with rival powers.
