

From the Middle East to the border to the streets of America... This System Is a Horror!!!

As Trump repeatedly unleashes lies and venom against immigrants, the U.S. is intensifying border repression to unprecedented levels—deploying additional troops, imprisoning thousands in detention centers, and ripping apart refugee families by sending parents and children to separate prisons.

U.S. wars of empire have killed over a million and shattered millions more lives in the Middle East. The U.S. arms and backs Israel, an outpost of imperialism based on ethnic cleansing, which is now massacring Palestinians protesting in Gaza for their humanity and rights.

All over the U.S., the police brutalize and outright kill people, especially Black, Brown, and Native American people, with impunity—like the murder of Alton Sterling (above) by Baton Rouge cops in 2016. The “law and order” the police are about, with all their brutality and murder, is the “law and order” enforcing this system of oppression and exploitation.

WHAT ARE YOU GOING TO DO ABOUT IT?!? GET WITH THE REVOLUTION! GET INTO BOB AVAKIAN!
