

# From the Buffalo Soldiers on to Today, Oppressed People Fighting on Behalf of Their Oppressors Is Shameful—and NOT a Source of Pride

The “Buffalo Soldiers” were Black soldiers recruited after the Civil War to fight the government’s genocidal wars against the Native American Indian people.

The Harlem Hellfighters fought for the U.S. in World War I—an imperialist war waged for a bigger “American share” of the plunder of the peoples of Africa and Asia.

Obama, war-criminal-in-chief of U.S. for eight years, gives posthumous medal to Harlem Hellfighter to brainwash more people to fight for this rotten empire.

## WE NEED TO *OVERTHROW* THIS SYSTEM AND EMANCIPATE ALL HUMANITY
