

The Mueller Investigation diverted, bamboozled, and stupefied people into waiting passively...

The Trump/Pence Regime Is More Dangerous Than Ever It Must Be Driven From Power By Sustained Mass Protest By the People

MASS PROTEST

Friday, March 29 at 5pm

Trump Star, Hollywood and Highland, 6859 Hollywood Blvd. LA 90028

The long awaited Mueller Investigation resulted in no indictments of the highest level officials of the Trump/Pence regime and a summary of the report stated that there was no collusion with Russia. This has unleashed the Trump/Pence Regime to go on a full throttle fascist offensive demanding investigations of their opponents, calling for resignations and blacklisting by the media. They are escalating their full program against the people on every front. And, Trump is giving a full out fascist rally in Michigan on Thursday.

The stark reality is that in the wake of the no indictment Mueller report, ***The Trump/Pence Regime is More Dangerous Than Ever.***

And, what of the opposition? Demobilized. Disoriented. Or, worse, told by the Democratic Party leadership to move on to bread and butter issues. And, yes, they are saying the full report should be released, which it should be. But absent serious protest from below – from the people – this will not happen, and even more important the whole fascist juggernaut will barrel ahead. That is why everyone who sees the need to stop this regime and what it is doing to the people and planet needs to come into the streets on Friday, March 29th.

For two years, people have been diverted, bamboozled, and stupefied by the Democratic Party leadership, Rachel Maddow and MSNBC, CNN, the NY Times, LA Times, and others into passively waiting for the Mueller investigation to stop the Trump/Pence Regime. The anger of millions has been corralled, domesticated, and diverted away from massively resisting the totality of the danger posed by the Trump/Pence Regime.

The time of waiting for a savior, of relying on the regular workings of the system – voting in Democrats who will not mobilize the people to act in our own interests, must be over. Waiting for 2020 is frankly absurd given the danger posed. Trump's 'Make America Great Again' is a 21st century fascist program of Manifest Destiny – 'America First' – wrapped in the flag and Mike Pence's Bible taken literally, with a program of white supremacy, misogyny, and xenophobia. And they are unleashed. Steve Bannon, Trump's former chief strategist is urging Trump to go "full animal" and "bludgeon" his opponents. And Trump recently raised the specter of extralegal violence by the military, the police, and others fascists against any serious opposition to his regime.

The time is now to take to the streets, to sound the alarm and get organized. March 29th. 5PM. Hollywood and Highland at the Trump Star. Be there.
