National Get Organized For An ACTUAL Revolution Tour

The National Get Organized For An ACTUAL Revolution Tour began in March 2019. The Tour aims to bring forward a movement for revolution, rooted in and applying the new communism developed by Bob Avakian. Tour members fight for a whole new world free of exploitation and oppression, and they live that morality today. They have been going to different cities organizing people into this revolution, and as part of that they have taken up key struggles in society. The pictures in this series give a feel for what some of that has looked like.

Unbelievable as it may seem, in the 21st century there are still people — including people in positions of power and authority — who are determined to **force** women to bear children, regardless of the situation, the feelings, and the better judgment of those women themselves. That is a way of **enslaving women to the dictates of an oppressive male supremacist, patriarchal system**; and **that** is what the cruel fanatics who are determined to deny women the right to abortion are really all about.
