ABORTION  
ON DEMAND  
& WITHOUT  
APOLOGY

On September 1<sup>st</sup>, the state of Texas is on track to close all but six abortion clinics (there were 46 in 2011). Women will be forced to have children against their will. Others will be driven to risk – *or lose* – their lives through dangerous illegal abortions.

This is a critical turning point in a nation-wide emergency: and this is all playing out in a world where women are beaten, shamed, raped, harassed and murdered just for being female. **Now** is the time for resistance, for refusing to back down in the face of injustice.

**Now** is the time to defend women's lives and women's rights.

COME TO TEXAS.  
TAKE A STAND.  
IF NOT NOW, WHEN?
