SOCIAL MEDIA MESSAGE
REVOLUTION 101

The “choices” in this election are a damning exposure of this whole system.

In these messages, I have done a lot of analysis of what is actually represented by this election and the opposing candidates (Trump and Harris). At the same time, it can be boiled down to this:

We are being told to choose between a lunatic racist, woman-hating, all-around fascist (Donald Trump) and a genocidal war criminal (Kamala Harris).

When these are the “choices” offered by a system, it is time to recognize that this system is a *thoroughly rotten, monstrously criminal, massively destructive, thoroughly outmoded system (long past the time when it can represent anything positive).*

It is time to look seriously for solutions *outside* and *beyond* this system.

It is time for a revolution to overthrow and uproot this whole system and bring into being a fundamentally different and much better system.

It is time to join the National Campaign to spread these social media messages, and the word about this revolution, while you’re learning more about it—time to go to revcom.us, get into We Need And We Demand: A Whole New Way To Live, A Fundamentally Different System—time to become part of the Revcom Corps for the Emancipation of Humanity actively and urgently working for this revolution.

WHO IS BOB AVAKIAN?

Bob Avakian (BA) is a revolutionary leader who has developed a whole new framework for human emancipation: the new communism. This includes the analysis and strategy for a real revolution in this country, at the soonest possible time (yes, a “physical revolution”). As such, he is loved by many—and he is slandered by people who have a stake in the current system or can see no further than getting such a stake.

BA has written on the Middle East and the crucial struggle against U.S. imperialism and its “attack dog” Israel for 40+ years. At @BobAvakianOfficial, he is speaking to the hardest questions and bringing truth the powers-that-be don't want you to have. He breaks down why we need a revolution, and how that revolution could be possible. If you don't know this, then you don't know what you need to know.
