

As we bring in a new year with a fascist regime coming to power, the danger of nuclear war increasing and climate catastrophe intensifying, humanity — *urgently* — needs a whole new world.

"Yes, a radically different and much better world really is possible!"

This — and *nothing less* — is what the revolutionary leader Bob Avakian is fighting to bring into being.

"This system has to go — and be replaced by a system based on collective ownership by the people of the productive means that human beings everywhere have created — utilizing this for the benefit of human beings as a whole, now and for future generations..."

Bob Avakian's profound challenge... this unique voice... this revolutionary leadership needs to reach millions now.

Bob Avakian has developed a whole new framework for human emancipation — **the new communism**. This provides the scientific method, vision, strategy and plan for how to bring this world into being, how to handle the complex and serious difficulties that millions will face in making a real revolution. A revolution — not for revenge — but for the emancipation of *all* humanity. He has authored the *Constitution for the New Socialist Republic in North America*. **And through his social media platforms, @BobAvakianOfficial, he is providing *real-time* leadership.**

With fascism barrelling ahead, Bob Avakian is insisting that

"This is not a time for demoralization and despair — it is a time for *righteous anger* and *revolutionary determination*."

Through @BobAvakianOfficial, he is giving concrete leadership to understand what fascism is, how it arose out of the system of capitalism, and how we need to work to **"*finally and decisively* defeating this fascism—and doing so as part of putting an end to this whole system which has given rise to this fascism, along with all its other atrocities."**

But too few people know about Bob Avakian, and the powers-that-be don't want them to know. This is what we have to change — now, with the whole future on the line.

Your donation will help @BobAvakianOfficial reach millions — through online advertising and a grassroots on-the-ground movement. Your donation will help Bob Avakian's voice break through all the ways that the mainstream media and mouthpieces of this system are telling you to find common ground with these fascists. Your donation will help shatter the lie that capitalism is the best of all possible worlds.

What people do, and what they fight for, depends on what they understand. Donate to spreading @BobAvakianOfficial so millions can hear, engage and debate a scientific understanding of the real problem, the revolutionary solution, and the radically different world that's possible. **As Bob Avakian said right after the election, "It is time to look seriously for solutions *outside* and *beyond* this system."**

Your donation to spread @BobAvakianOfficial will help shake awake millions and raise their sights.
